To All Residents of Springfield Township,

On Sunday September 26th, 2021 The Springfield Township Recreation Committee will be hosting a "Community Day" at the Veterans Park in Jobstown. All township residents and organizations are invited to attend. The purpose of the event is to learn more about our community. A portion of the program will be devoted to sharing information about the "Agricultural and Revolutionary War" history of this area. This will be a community recognition and education event with speakers and displays.

There will be several food trucks at the event for your convenience. We encourage all groups interested in participating to bring their own tables and chairs for setting up their information. Many Agricultural and Historic groups are planning to support the event. The Springfield Township Historical Society will formally announce a kick-off for the celebration and remembrance of the 250th Anniversary of the USA in 2026. This will include the commemoration of the Battle of Petticoat Bridge and Iron Works Hill that occurred in the Township during the American Revolution. Please plan on attending this event to learn the important role Springfield and its residents played in the battle.

Our volunteer first responders, fire companies and police department will also be there to display their equipment and talk about the amazing roles they play within our community. You may even be interested in joining one of these organizations to further help our fellow citizens and travelers. In addition there will be a tractor parade to show Springfield and its farming community's spirit and commitment to agriculture.

Activities for children including games and a small tractor completion shall be there to participate in.

Bring your chairs and enjoy an afternoon in the park with your fellow residents and get to meet your neighbors.

Date: September 26th, 2021 from 1-6pm

Please contact Councilman Peter Sobotka for any questions or if you would like to be involved. His email is: psobotka@springfieldtownshipnj.org

Looking forward to seeing everyone

Thank you

Anthony Marinello
Mayor
Springfield Township
